

Ivory Onix

Reference Code: BC-DC-011 | Origin: Iran

DESCRIPTION

Translucent onyx marble in warm ivory and honey tones. When backlit, creates a stunning glow effect — ideal for illuminated panels, bar counters, and feature walls. Each slab is unique with distinctive banded patterns. Available in thicknesses up to 30mm.

PHYSICAL & MECHANICAL PROPERTIES

Property	Test Method	Typical Value
Apparent Density	EN EN 1936	2,580 kg/m³
Water Absorption	EN EN 13755	0.45 %
Flexural Strength	EN EN 12372	18.0 MPa
Compressive Strength	EN EN 1926	90 MPa
Abrasion Resistance	EN EN 14157	3.5 mm
Frost Resistance	EN EN 12372	Not recommended (interior use only)
Thermal Expansion	EN EN 13755	3.8×10^{-6} /°C

AVAILABLE FINISHES

Polished	Honed	Leather	Brushed	Sandblasted	Bush Hammered
